## Focus on Fun Update

We finally have all of the middle school advisors in place. I have met with most of the advisors and have promotional recruiting materials to the schools. I will have met with all of them by the middle of next week and materials in place by February 13.

Due to my recent bout with the flu I have not been able to set up our initial meeting with club members to discuss the educational part of the program. I will be getting together with members who have expressed an interest in helping next week (Feb. 11th through Feb. 15). I have a tentative curriculum set. By the way, I still need more volunteers. Please e-mail or call. Thanks, Carl.

The plan is to have everything in place and a start-up time by the 3rd week in February. The program will last 5 weeks with a final week for a picture taking field trip followed by the Big Show and Contest.

## February Club Contest Results

I would like to thank Chuck Peterson for taking care of announcing the club results for January 2002. I was sick with the flu which came upon me early Thursday morning. I would also like to thank the Weekender magazine for judging the prints for January. Managing Editor Thomas Ritchie and his staff did an excellent job. --Carl Hardy
