## April Program Explores Unique Smoke Photography & Corel

The April 10 program will consist on the following: In addition to business meeting and Forum, Bob Gillespie will show some unique photos of smoke and discuss how to make them. I will give a Corel Photo Paint tutorial on infrared conversion. It is soon going to be the perfect time of the year to shoot stock photos for this process. Steve

Art Center's Adobe Photoshop Class Has Three Spaces Left

Three spaces are still available for the next session of Adobe Photoshop:

ADOBE PHOTOSHOP with Sheryl Piere

#107B Session II: April 17 - May 15 (5 weeks)

Thursdays, 5:30 - 8:30 pm

Tuition: Member \$125 - Non-member \$157  
Computer Lab

Today's photographs are used in print, on the web, and on wireless devices. Learn the most up-to-date techniques in manipulating images. The newly-upgraded computer lab has the latest version of Adobe Photoshop C52 software, five new computers and the most up-to-date scanning capabilities. All this assures students will create the highest quality images possible. This fifteen-hour class is available for staff development or graduate credit for teachers through AEA.

**Deadline for registration is by Friday, April 11 to ensure class goes.**

## N4C FOUNDER HITS EXHIBITION JACKPOT

Francis Kingsbury, FPSA, co-founder of N4C and a member of the Sioux City Camera Club has been a supporter of the Minneapolis/St Paul international exhibition for many years beginning when the show was a single exhibition.

The current circuit has been expanded to six separate judged exhibitions and is one of the largest and finest in the US.

Continuing to enter in the large print size in both monochrome and color, Francis' exhibition record over the years has been very average, perhaps in the 25 to 30 per cent acceptance range with an occasional honorable mention ribbon.

Imagine his surprise and shock when the prints were returned to find four medals, an honorable mention ribbon, his print reproduced on the cover of the catalog and twenty two acceptances.

Francis is quoted as saying, "This should be enough encouragement and motivation to last for another lifetime of exhibiting."

A color print titled "Winter Storm" showing an abandoned farm house in a blizzard received the PSA Gold Medal for best of show and two Mpls/StPaul circuit medals in addition to five acceptances, with one show rejecting the print.

Another PSA best of show medal was awarded to "Innocence", a monochrome print of a young boy, semi profile, looking upward with a wide brim straw hat. The model was Francis' great grandson Carter.

Carter represents the third generation of the family to model for exhibition portraits as in son, grandson and great grandson. Many of the child portraits used various kinds of hats for props.

## April 2008

One wonders then, how did this explosion of success come to an average exhibitor and Francis has a very philosophical answer and we quote, "if you take enough pictures over time, you will with luck or by accident, get a some good ones, a few very good ones and a rare occasional very very good one. It so happens that I sent those two rare results to the same exhibition at the same time."

Whatever the answer, we congratulate Francis for the achievement.

### Gillespie Exhibit @ Longhome

A new photography exhibit by Bob Gillespie just opened at Longhome Coffee Co. (near Lowes).

The exhibit is entitled "Sioux City After Sunset" and will be on display thru May 31, 2008. On display are large 20 x30 digital prints.

### Club Members Needed to Shot Boys Club Activities

Anyone interested in shooting Boys Club activities this summer? The club is remodeling and they wish to post photos of various activities and need a photographer or photographers to document their activities.

- They will provide a schedule of activities.
- Use the photos for yourself (like camera club competition).
- Then submit the photos to the Boys Club for their judging. The winners from their judging will be displayed in the remodeled Club.

Please contact Bob Gillespie if you are interested.
